Principal - Mr T Beesley

18th September 2023

Dear Parent/Carer

Physics Trip to Geneva and CERN

The physics department is organising a trip to Geneva, with an excursion to see the particle accelerator at CERN. It is a two-night trip to Geneva which will give students a chance to explore this beautiful city and visit the United Nations.

The trip is organised to fly from Manchester airport on Friday 26th January at 6am and return on the evening of Sunday 28th January at 8pm. The excursion to CERN will be on the Saturday and the UN on the Friday afternoon.

The cost of the trip is quoted at £540 which covers flights, accommodation at the Meininger Hotel in Geneva with continental breakfasts, a tour of the United Nations, and a game of bowling on the Friday night. This cost could fluctuate slightly if the air fare increases, or we do not fill the trip with 20 students. The hotel rooms are currently being held for us, but there is a limit for how long they will hold them, so to secure your place please could you pay a £200 deposit via ParentPay by Friday 13th October. If you have any issues with the payments system or need to discuss financial support please contact

Trips@allhallows.org.uk

We are travelling with a company called WST and the insurance for the trip is included. If you would like to see the insurance policy then please let me know and I will forward it to you.

Students will need to follow the relevant travel guidelines at the time of travel and have 6 months left on their passport when we travel.

If you cannot pay the deposit by Friday 13th October but would like to go, please contact

Trips@allhallows.org.uk

Please provide full consent and medical details when paying in ParentPay

Places are limited to 20 and will be given out on a first come first served basis in order of those who have paid online for the trip.

If you have any queries please not hesitate to contact me.

Yours sincerely

Mr J Faulkner
