

Our aim is to be a beacon of Catholic excellence

All Hallows' is a school which provides a knowledge rich Catholic education for the twenty-first century. Every member of our school community is treated as a child of God within our faculty, we believe all are created with dignity and designed with a purpose.

As a forward thinking Religious Education faculty, we believe that students should be given opportunities to enhance their spiritual, moral, social and academic development whilst aiming for excellence in progress and achievement through our spiralling curriculum.

We wish to encourage our pupils to ask questions about the world and to reflect on their own beliefs, values and experiences. Our Religious Education curriculum is enhanced further with visits to places of worship in our local area and to places of religious interest in order to add to pupil's cultural capital.

We aim to provide a strong, sequenced, rigorous curriculum that is rooted in the Catholic Curriculum directory and supports the gospel and core values of our community and faith.

We wish to provide all pupils with experiences that enhance their enjoyment and engagement of Religious education whilst helping them to develop as the whole person.

We wish to fulfil Christ's mission of 'I have come so they may have life, and have it to the full' John 10:10. We also aim to support and implement the whole school mission statement of 'aspire not to have more but to be more' through our curriculum, and example to others.
